The Module One Add-on workshop for communication partners of children using Lamh was developed in early 2014 :

- It is a full day workshop for people who have completed a Module One course
- It is very useful for those who want more signs and more information about Lámh
- It is also useful for those who did a Module One course some time ago, but who have not been using Lámh in recent times – as there is an opportunity to practise Module One signs at the start of the Workshop

Anticipated Outcomes

Participants will:

- Be able to use the 100+ signs from the Module One Book
- Use Lámh as an effective communication tool
- Be enabled to encourage Lámh use
- Participate effectively in an established Lámh environment
