

2-Day TEACCH

2-Day TEACCH (Treatment and Education of Autistic and related Communication handicapped Children)

Course Description

TEACCH is an evidence based programme for individuals with ASD. It is a structured teaching system which organises the classroom (space), the day (time, routine) and the activities (pace and duration). TEACCH aims for a 'whole life' approach in supporting children, adolescents, and adults with ASD. This is achieved through the support of visual information, structure and predictability. SESS provides 2-Day and 5-Day TEACCH courses.

Course Overview

This course is provided by Special Education Support Service in conjunction with Division TEACCH, University of North Carolina. The two-day TEACCH course provides excellent background knowledge on ASD. The content covers a wide range of topics relevant to learning and teaching and to the development of the child with ASD.

Course Content

- Learning Styles in ASD
- Structured Teaching
- Informal Assessment of the Student with Autism
- Teaching Communication Skills to Children with Autism
- Social Communication
- Behaviour Management

Information for Applicants

This course is open to:

- Teachers working in units/classes for student(s) with ASD in a mainstream setting
- Teachers in special schools who are currently working with student(s) with ASD
- Full-time Resource/Learning Support teachers who are currently working with student(s) with ASD

Registration: 8.45 AM

Start: 9.15 AM

Finish: 4.00 PM

Refreshments and lunch will be provided.

Participants will require permission from the Board of Management to attend. Substitution for participating teachers will only be allowed by the Teacher Education Section, DES, for teachers with primary responsibility for student(s) with ASD and if it is deemed absolutely essential by the Principal.
