

Social Stories™

Course Description

Parents and professionals have used Social Stories™ for many years to share social information effectively with children, adolescents and adults with Autistic Spectrum Disorder and other social-communication delays and differences.

Anticipated Outcomes

Participants will:

- understand the research based rationale that supports the approach
- be able to write a Social Story™ using each of the ten characteristics
- implement a Social Story™ at school.

Course Outline and Content

Using lecture, demonstration, case examples and activities, this one day workshop:

- describes the research based rationale that supports the approach
- presents each of the ten characteristics that define a Social Story™
- shares strategies for introducing and implementing Social Stories™ at home or school
- enables participants to practice skills and concepts as they are introduced and to write a Social Story™
- provides positive and practical ideas for implementing Social Stories™.
