3. Aim and Content

The aim of the programme will be to provide substantial theoretical and practical training for teachers working with Students who have autistic spectrum disorders. Further details will be made available to applicants by the Special Education Department of St Patrick's College.

4. Duration and Organisation

The programme is one-year, part-time from September 2012 to June 2013, and consists of 3 modules. The course is delivered through distance learning modes, on-site learning at St. Patrick's College and considers teachers' practical engagement with students in schools. The programme is based on participants being released from their schools for three weeks of the academic year.

The programme will include face-to-face tuition, tutorials and visits to other educational settings to observe examples of exemplary practice. The distance element of the course will include engagement with online materials and participation in online lectures and a Discussion Forum.

5. Eligibility

Please note that all teachers must be registered in accordance with Section 31 of the Teaching Council Act, 2001. Please refer to the Teaching Council website www.teachingcouncil.ie for further information.

This programme is for registered teachers who hold a post currently funded by the Department of Education and Skills and who are currently working with students with Autistic Spectrum Disorders (ASDs) or will be working with students with ASDs for the duration of the Programme in recognised Primary Schools including Special Schools and recognised Post-Primary Schools. **The programme is designed specifically to assist teachers in meeting the learning and teaching needs of students with ASDs.** Potential applicants must therefore have a teaching role in relation to students with ASDs.
