

MATHEMATICS FOR LIVING

MEASUREMENT WORKSHEET 2: WEIGHING OBJECTS 1

NAME: _____

DATE: _____

Use a weighing scales to find the weight of these objects in the classroom.

Estimate your answer first. Then give your answer in g and kg.

OBJECT	MY ESTIMATE	WEIGHT IN g	WEIGHT IN kg
Your Maths book			
A full bottle of milk or juice			
A bottle of Tipp-Ex			
A pencil case			
A PE gear bag or tracksuit			
One of your teacher's folders			
A basketball / other sports item			
A full ream of paper			
A schoolbag			
A set of workbooks			
A coat / jacket			
A pair of shoes or football boots			

Now put all the objects in order, starting with the lightest.
