

MATHEMATICS FOR LIVING

MEASUREMENT WORKSHEET 3: WEIGHING OBJECTS 2

NAME: _____

DATE: _____

Use a weighing scales to find the weight of 12 objects in your home. They can be items of food, furniture, pottery, books, etc. (anything that will fit on the scales).

Estimate your answer first. Then give your answer in g and kg.

OBJECT	MY ESTIMATE	WEIGHT IN g	WEIGHT IN kg

Now put all the objects in order, starting with the lightest.

1.	2.
3.	4.
5.	6.
7.	8.
9.	10.
11.	12.
